# Yard Master Manual Series

For models 100-120" the rising and lowering mechanism utilizes an SRM (slow react mechanism) that prolongs the product's lifespan and allows the material to rise back up into its casing unassisted.

## Screen Material:

- MaxWhite® 1.1 gain (matte white) front projection material with superb color temperature
- Wide diffusion uniformity allows viewers to enjoy a clear and bright picture from any angle
- 4K Ultra HD, Active 3D, and HDR Ready
- Not compatible with Ultra/Short-throw Projectors
- Black borders absorb projector over scan while enhancing visual contrast
- Black material backing eliminates light penetration for enhanced brightness levels
- Available in the following range of diagonal sizes:
  - 100" and 120" in 16:9 format

## Design and Installation:

- Ideal for backyards, patios, pool decks, and recreation rooms
- IP65 certified for rain/water protection for outdoor applications
- Acclimated to outdoor use without compromising home theater sophistication.
- Dynamic indoor home theater quality with outdoor durability
- Rust-proof metal components - housing, roller tube, brackets, handle, weight bar
- Slow-retract system on 100-120" models allows hands-free operation during screen retraction

## Quality and Reliability:

- GREENGUARD® and GREENGUARD® Gold Certified (UL 2818) for safe indoor emissions
- 2-year Parts & Labor manufacturer's warranty
- 3-year warranty offered through ENR-G program (Education, Non-profit, Religious, and Government/Military)
